

Adopting one Greyhound may not change the world, but the world will surely change for that one Greyhound.

### Greyhounds:

- ❖ Are friendly, loving, and gentle dogs;
- ❖ Love to be with their humans;
- ❖ Make wonderful household pets;
- ❖ Are kennel trained, so they take to housetraining quickly, with a little TLC and patience;
- ❖ Come in all sizes, colors, and ages;
- ❖ Weigh between 50-85 lbs and have a life expectancy of 12 to 14 years or more;
- ❖ Require little exercise, but would enjoy a nice walk 3-4 times a week;
- ❖ Are tolerant of pet educated children, preferring to walk away when they've had enough;
- ❖ Are not used to cats, so extra time and patience may be required;
- ❖ Require routine visits to the vet and good dental hygiene;
- ❖ Must **always** be kept on a leash when outside a fenced area since they are sight hounds and can run faster than you!
- ❖ Should not live as outside dogs!
- ❖ Do not have the normal doggie odor and shed little;
- ❖ **Will love you unconditionally!**

**T**exas Adopt a Greyhound Society, Inc. (TAGS) was established in 2009. TAGS mission is to save the lives of Greyhounds, primarily those that are dismissed from the racing industry, in a way that promotes fostering in a home setting so that these dogs will be physically and socially ready for adoption into safe, responsible, lifetime homes.

TAGS is an all-volunteer adoption group that exists solely on the generous donations of caring individuals like you.

***Adopting a Greyhound***

TAGS anticipates spending an average of \$500 on each Greyhound while it is in its care, in preparation for adoption to a forever home.

TAGS' non-refundable adoption donation is \$325 for all Greyhounds 8 years old and under and \$250 for seniors, age 9 and over.

**The adoption donation includes:**

- Neuter/spay
- All vaccinations (DHLPP, Bordetella, Lepto & Rabies)
- A CBC (complete blood count with serum chemistry panel)
- A tick-borne disease panel (performed by ProtaTek Lab\*)
- Heartworm test
- Necessary dental cleaning
- A Martingale collar and a leash
- Basket muzzle

A \$75 deposit is required with submission of the application (\$50 of which is refundable and \$25 of which is non-refundable). The remaining \$250 or \$175 (senior) adoption donation is due when the Greyhound is delivered to the adopter's home.

An adoption application can be filled out on the TAGS website, downloaded from the website, picked up from one of our Meet and Greet events, or by phone request.

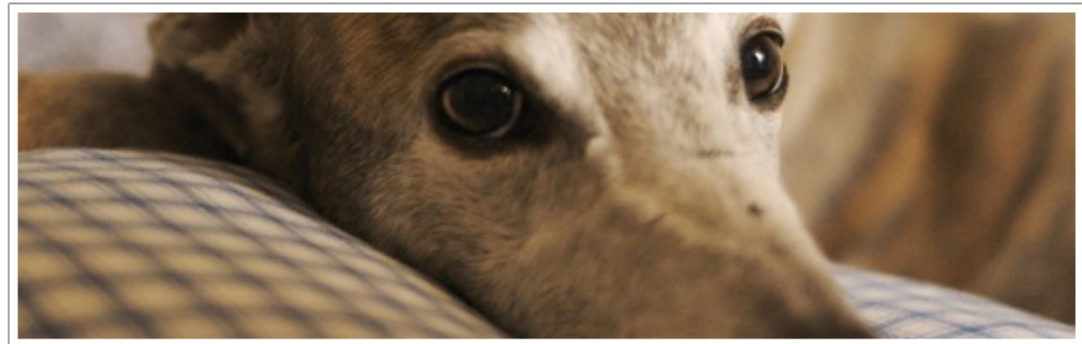

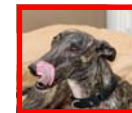

\*This test detects diseases prevalent in Texas transmitted from a tick bite. Proper treatment will eliminate these diseases.
